

My dear Friend; Bangor Dec. 21 '52

174 I am surprised at
one thing in your last note:
you say that you can lecture
here on Saturday Feb. 17th as
I designated. Now I did not
mean to say the 17th if I
did mention that day. Saturday
is rather an inconvenient
day for the Mechanics Lecture.
I meant to say Feb. 15.

If you can come on that
day, you can lecture on
Slavery on Friday, go to
Osino on Saturday, lecture
here again Slavery Sunday,
& go to Hampden on Monday.

I hope this arrangement will
suit you as it will cer-
tainly be more agreeable
to us, indeed I think the
Association wd not like to

have the lecture on Saturday.
I include \$3.

the gift of Mr. Mansur for
the Bazaar. I shall
also send this night by
express a package contrib-
uted by a few Ladies for
the Bazaar also. The
book was presented by Mr.
Bentlett. I sd not have
chosen such a book but
I have taken whatever friends

chose to give. Much wd
I like to be with you. I
cannot however, but I will
hope that the delicate stitches
that have been taken for
this Fair may be the means
of uniting many hearts by
strong cords of sympathy for
the slave & of determined resis-
tance to the Slave Power until
every chain in the land
shall be broken.

Very truly Yours A. Battles.
